

ROYAL TRAIN SAVED BY ENGINEER'S VIGILANCE

Madrid, via Paris, January 28.—An attempt was made today to wreck a train on which King Alfonso was a passenger. The royal train was preceded by a freight train, the engineer of which saw an obstacle on the track and removed it. Neither the royal train nor the freight suffered any damage.

The spot chosen for the derailment of the royal train near Granada, Andalusia, was a particularly favorable one, as the road there begins to run down grade.

The police have arrested two men, one of whom was found with letters from Barcelona.

COSTA RICA PRESIDENT IS DEPOSED; ELECTION PLANNED

San Jose, Costa Rica, January 28.—The President of Costa Rica, Alfredo Gonzalez, was deposed from office by the military forces of the capital, supported by a great number of citizens, Saturday. The administrative power was conferred on the minister of war, Federico Tinoco, as provisional chief of the executive. The movement was enthusiastically carried out and perfect order prevailed.

TARIFF LEGISLATION NEEDED NOW

A measure providing for the readoption of the Republican tariff of 1909, but amending the chemical schedule, over-hauling the cotton schedule, containing a substitute for the wool schedule, and providing ample protection for agricultural products, should be introduced in Congress at once. While it is not contended that such a measure, if enacted into law, would meet all the exigencies of the post-war situation, it would serve a useful purpose in holding in some degree the flood of foreign products which otherwise would break on us when hostilities have ceased, and give our legislators an opportunity to undertake a complete tariff revision along protective and scientific lines without being stampeded into ill-considered action by the tremendous pressure of importations. The Republicans are not in a position to conduct tariff hearings and the Democrats refuse to do so, hence the readoption of a sound law such as that of 1909, with the amendments suggested, presents the sole alternative.

Recent developments indicate that the Democrats will persist in their tariff-for-revenue-only policy. Refusing to lay protective rates on competing products, they now plan to increase the inheritance tax, to tax profits and to raise the income tax without lowering the exemptions. We are also to have a bond issue approximating \$300,000,000. If tariff revision is to await the report of the Democratic tariff commission appointed by President Wilson, the revision will be based on a report the most partisan and perfunctory in character, or await an exhaustive investigation requiring from four to six years. Industrial America should tolerate no such delay. We must in some degree be commercially prepared before peace in Europe is established and it remains for the Republicans to undertake that preparation. They must use the best means at their command and the people understanding their position will applaud their action. If the Democrats defeat this measure, or if President Wilson vetoes it, the voters will know what action to take in 1918, when the fight for the control of the 66th Congress is on.

The chemical schedule should be amended by the adoption of the High dyestuff bill (H. R. 702) based on the report of the dyestuff's committee to the American Chemical Society, and which met with unanimous approval as the hearings on the bill testify. The Democratic dyestuff bill is unsatisfactory to all concerned. It does not take effect until peace is established. The interim between the declaration of a general armistice and the signing of a peace treaty will give Germany an opportunity to dump such quantities of dyestuffs on our market that our own industry will die a-borning. The Hill substitute should be made effective on its passage.

The tariff board report of 1912 and the experience of the past seven years should make possible a fairly satisfactory overhauling of the cotton schedule. The classifications and rates on raw wool presented by Senator Smoot as a substitute for the Underwood rates would probably give satisfaction, while the rates on wool manufactures carried in the Payne substitute would take care of our manufacturers until such time as a general Republican revision could be undertaken. The huge increases in imports of agricultural products under the present law make imperative the restoration of the Republican, and, in some instances, perhaps, higher rates, to protect our agriculturists from the streams of these products which will shift toward us when peace is declared. European trade pacts, and the discriminations which may be shown against certain American goods after the war make the retention of the maximum and minimum clause of the 1909 law imperative, and an anti-dumping law should be incorporated in the bill. Because of the impossibility of proving 'intent' of foreign competitors to break down the American market the Democratic anti-dumping law is a farce. The administrative features of the 1909 law were the best ever drafted and should be retained.

DEMOCRATS TAKE WARNING!

If Democrats in power at Washington permit their free trade proclivities to prevent their giving the American workingman the protection he needs and has a right to expect they will indeed be blind leaders. The Herald has no interest in keeping Democratic politicians out of the ditch, but every interest in preventing the ditching of the American workingman and American industry.—New York Herald.

DANIEL BOONE RELIC TO BE SENT TO CAPITAL

Whitesburg, Ky., January 27.—An interesting Letcher county relic, a slab from the Daniel Boone tree, containing the inscription, "D. B. 1781," has been removed from a beech tree on the farm of W. H. Potter at Kona Station, this county, by Mrs. R. L. Pilling of Ravenna, historian of the Bryan Station Chapter, D. A. R., at Lexington. It will be taken to Washington. For years the Boone tree has been an object of great interest. Last summer Mrs. Pilling visited this section and induced Mr. Potter, its owner to let her remove the inscription.

GRANDMOTHER, THE PIONEER PHYSICIAN

In the good old pioneer days of this country, when drug stores were few, grandmother's root and herb remedies were what were always depended upon to bring relief for family ailments, and some of grandmother's root and herb remedies are now found upon the shelves of the modern drug store, and are among the best and most widely used prepared medicines. Such is Lydia E. Pinkham's Vegetable Compound, a botanic remedy, originally prepared by Lydia E. Pinkham, of Lynn, Mass., over forty years ago, and which has brought health and happiness to more women in America than any other medicine.

STATE-WIDE CAMPAIGN IN MARYLAND IS BEGUN

Baltimore, Md., January 28.—The opening gun of the Anti-Saloon League to make Maryland a "dry" state, was fired today at a large mass meeting. Dr. Thomas M. Hare, State superintendent of the league, announced an effort would be made to put through the legislature next year a bill making the State dry without a referendum attached.

TRAXEL'S "THE HOUSE OF QUALITY"

BANDIT IS CAPTURED BY MARINES

San Domingo, January 28.—It is reported that the American marines, who were searching for the bandit Evangelista, in the interior, near Macoris, yesterday, captured Evangelista and scattered his band.

It also is reported that the bandit Chacha, who headed another band, surrendered to the authorities at Macoris Wednesday and later returned to the interior with an escort, promising to deliver up his arms and ammunition.

The recent bandit raids on sugar properties near Macoris constituted the only serious outbreak since the shooting early in January of Captain John R. Henley and Lieutenant James J. Bolton. Private Gus R. Olsen was killed recently in a night skirmish with Evangelista's men.

The bodies of Lieutenant Bolton and Private Olsen are being sent to New York for burial. Captain Henley is on the hospital ship bound for Washington. Several bandits are reported to have been killed by marines.

With the exception of the bandit operations, the entire country is reported to be quiet and enjoying a degree of peace and prosperity such as has not been known during the many years of revolution.

MOST COSTLY JEWELS STOLEN

Baltimore, Md., January 28.—Former Governor Edwin Warfield, his wife and daughter, the Countess Ledochowska, are mourning the loss of diamonds and jewelry to the value of almost \$2,000, it was learned tonight.

The jewels are insured, but their loss means a great deal to Mrs. Warfield and her daughter, for most of them are heirlooms.

The theft of the Warfield and Ledochowska jewelry from the Warfield home at 1223 Linden avenue, is one of the largest that the local police have had to deal with for many months, and the greatest secrecy has been maintained by the Police Department.

The burglars gained entrance to the Warfield home and selected the most costly gems and then made their departure.

POLICE BATTLE WITH STRIKERS

New York, January 28.—The police in Brooklyn battled for an hour today with a mob of striking employees of the American Sugar Refinery Company, who attacked from roof tops and doorways a number of watchmen and foremen who had been on the night shift.

The combat was waged over many blocks, the policemen using their clubs, while the strikers fought with bricks, bottles and other missiles. Several were injured.

One man, who police say was the ringleader, was arrested after a struggle on a housetop, in which he and a policeman nearly fell to the street.

GOOD BACKS FOR BAD

Maysville Residents Are Learning How to Exchange the Old Back For a Stronger One.

Does your back ache, feel weak and painful? Do you suffer headaches, languor and depression?

The kidneys may be calling for help. Weak kidneys cannot do their work. Give them the help they need.

To cure a kidney backache you must "cure the kidneys." Use a tested and proven kidney remedy.

Doan's Kidney Pills have stood the test. Convincing proof of merit in Maysville endorsement:

Mrs. M. Holliday, 221 W. Second St., Maysville, says: "At times, my back has ached across my kidneys. My kidneys have been irregular in action and I have had dizzy spells and headaches. I have always used Doan's Kidney Pills, getting them at Wood & Son's Drug Store, and they have never failed to relieve these complaints."

Mrs. Holliday is only one of many "sufferers" who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Holliday had—the remedy backed by home testimony. 50c all stores.
